Cixi Household Appliances Edition

慈溪市是“国家外贸转型升级基地（家电）”、“中国家电产品出口共建基地”、“国家出口家电质量安全示范区”、“中国家电采购基地”、“中国家电产业基地”，是中国主要的家电生产制造基地。2020年，家电产品出口300亿元人民币，占全市出口总额的34.7%，家电出口企业1200家，出口超5000万元企业120家。产品远销北美、欧洲、拉非及“一带一路”沿线国家。截至目前，慈溪共有40家家电出口企业获评宁波市级以上出口名牌，多个家电产品位居全国单项冠军、世界第一。

Cixi is awarded as ‘National Foreign Trade Transformation and Upgrading Base (Household Appliances)’ , ‘China Home Appliance Export Co-construction Base’ , ‘National Quality and Safety Demonstration Area of Exported Household Appliances’ , ‘China Home Appliance Procurement Base’ , ‘China Home Appliance Industry Base’ , and it's also known as the major home appliances manufacturing base in China. In 2020, Cixi's export volume of household appliances reached 30 billion yuan, accounting for 34.7% of the city's total export volume. There are 1,200 export enterprises with actual export, of which 120 enterprises reached an export volume of more than 50 million yuan. Home appliance products have been exported to North America, Europe, Latin America, Africa and countries along ‘the Belt and Road’ . A total of 40 Cixi household appliance export enterprises were rated as Ningbo famous export brand. And a number of home appliances products ranked as the No.1 selling both in China and world.

COMPANY PROFILE

Ningbo Handian Electric Appliance co.,Ltd is one of the subsidiaries of Handian Group, which was established in 2002. Now, it has become one of the most famous and biggest refrigerator and freezer manufactures in china.

KEG's product quality lies in constant improvement, and strict implementation of each step and each detail. Our products have passed CCC,CE,GS,UL,SAA,ROHS and other domestic and international certifications. Meanwhile, we have passed system certifications of ISO9001, ISO14000, and OHSAS18000, which ensures our normal production and operation and excellent product quality.

voltage regulators, LCD-screen electronic tensile testing machines, electric cardboard bursting tester; and our products undergo compressor detection, noise testing, four welding spot inspections in production line, six full-performance testing for refrigerators and other detection and inspection processes; according to market statistics, the unpacking pass rate of KEG refrigerators is up to 99.6%.

The new models have been developed, such as single-door refrigerator-freezer and the double doors, ect. with the most advanced producing lines, plastic-painting equipments and computer inspection systems, the annual production can reach 1,300,000 units of refrigerators and 700,000 units of freezers. Handian devotes itself to the research and development of the core technology of refrigerator and freezer all the time, and provides the excellent service to all customers. We sincerely welcome all businessmen around the world to come for a visit and order.

NINGBO COFLY ELECTRIC CO.,LTD

Sparkle Your Dream With **COFLY**

Production plays a decisive role in the whole manufacturing process. It exerts direct influence on quality and performance of products. "One must first sharpen his tools if he is to do his work well", hence we have introduced a whole set of modern injection machines and automatic production lines, which help us to make large-scale production possible and guarantee the high product quality and work efficiency. We bear in mind that without top-ranking equipment, high-class electrical appliances could not be made.

If market is product's blood, then technique is its soul. We have a product developing team with ability, vigor, and creativity. The organic combination of leading technology and market demand is their persistent developing faith.
